

**Do you, or a relative/carer, have experience of being admitted to a Major Trauma Centre for major trauma?**

A Major Trauma Centre is a designated hospital that can provide 24/7 emergency access to specialist major trauma care and manage all types of severe and complex injuries  
(For example, Addenbrookes)

We would like to talk to you as part of our project with NHS England on the proposal for the Norfolk and Norwich University Hospital to become a Major Trauma Centre.

The online or telephone conversation will take between 30 minutes to an hour and you will receive a £10 voucher as a thank you for your time (maximum of 10 vouchers available)

If you are interested in taking part or have any questions please email [enquiries@healthwatchnorfolk.co.uk](mailto:enquiries@healthwatchnorfolk.co.uk) or call 0808 168 9669.
